We typically make over 500 sandwiches at each sandwich making event. (80 loaves) Students and parents make the sandwiches before school and are complete by 8:50am.

Do we have to tell you in advance how many sandwiches we're making? It will probably depend on how the RSVPs go. How does pick-up work? Do we need to provide anything else to go along with the sandwiches?

							We have made sandwiches before on Wednesdays and we have a system. Now, we are doing a church-wide service day on Saturday, Oct 18th with various projects, and we would like sandwich making to be a part of that. Of course, anyone is welcome to come. However, I'm wondering if we can make sandwiches on a Saturday and what the protocol would be?

45899.64708	Jaclyn	Maldonado	jaclynandroger@gmail.com	Capstone Academy	(770) 361-2379	10/01/2025	We are a very small hybrid school in Atlanta. Grades 6-12 but mostly highschoolers in this club. Looking for community service opportunities and have a great group of parents that can help facilitate a sandwich making afternoon for 45 min after school from 1:15-2pm. Happy to do Sunbutter and jelly or peanut butter or meat and cheese as we have access to refrigerator at school. It's a small group but if each child makes 4 or more sandwiches we could probably knock out 50+ sandwiches. Look forward to hearing from you!

							Good evening! I am the faculty sponsor for our Sandwich Project club at Innovation Academy (we are a public STEM magnet school in Fulton). We usually meet once a month and I can coordinate drop off, but I am trying to expand our reach this year. We have special club days built into our schedule and our Student Volunteer Club is interested in making sandwiches, but their meetings are on Thursdays. I am happy to drop off somewhere in Alpharetta or Dunwoody (I usually do my drop offs in Dunwoody Club Forrest) or coordinate a pick up at the school for that Thursday if possible. Feel free to give me a call if that's easier!
